

My background in IT and immigration consulting has shaped me into a content writer who thrives on accuracy and clarity. I have spent years drafting complex legal cover letters and reviewing sensitive documents where getting the facts right is absolutely critical. Today I use that same rigorous attention to detail as an AI Annotator at Outlier.ai evaluating complex datasets to ensure machine learning models produce safe and high-quality content.

EXPERIENCE

GEN AI AUDITOR

Outlier.ai | Remote

MAR 2026 – PRESENT

I evaluate generative AI responses for accuracy, safety, and tone. By reviewing complex outputs and catching factual errors or biases, I provide the crucial, human-in-the-loop feedback needed to train smarter, more reliable AI models.

VISA COUNSELLOR - FREELANCE

Self-employed | Ahmedabad, India

JUL 2024 – JUL 2026

I have guided clients through complex visa processes via rigorous document review and legal drafting. By actively spotting factual errors in documents, resolving inconsistencies, and writing precise submission letters, I have ensured flawless applications while translating complex rules to keep clients fully informed.

HEAD OF DEPARTMENT

SkySail Immigration | Ahmedabad, India

JAN 2022 - JUN 2024

As Head of Department, I oversaw our entire visa filing process. Acting as the final review before strict deadlines, I caught mistakes and inconsistencies in sensitive documents. I also resolved complex escalations and trained my team to rigorously evaluate applications without cutting corners.

ADMINISTRATIVE ASSISTANT

Batball11 | Ahmedabad, India

FEB 2021 – DEC 2021

I handled critical backend data for a live fantasy sports platform. Ensuring the system ran without a single error required absolute accuracy, which sharpened my ability to instantly catch anomalies and troubleshoot issues.

CONTENT WRITER

NewsEnquire | Remote | Ahmedabad, India

AUG 2019 – DEC 2019

As a Content Writer, I researched and wrote articles on current affairs. This role built my foundation in fact-checking, language precision, and evaluating information for accuracy—skills that perfectly align with reviewing and refining AI-generated content.
